Foreword

As we come to the end of the road for this school year, we are happy to present you with this copy of the 1960-61 edition of the DUPONTIAN. Wherever the road of life may lead you in the future, it is our sincere hope that this book may serve as a reminder of all the joys, the sorrows, the work, the play and all the friends you have made while traveling through this year at DuPont.

OUR *Ever-Present* CHALLENGE

The prosperity and individual freedoms we enjoy today are hard-earned gifts from our forefathers and must never be taken for granted.

Each new generation must stand on its own feet and preserve these freedoms. The freedoms we enjoy through the American Way have a high price and must be earned over and over.

W. Somerset Maugham expresses it this way: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."

All has been said
Charles

Best of luck in
the future. Remember
our Trig. and that damn old
English class. Always remember,
never do anything I wouldn't do.
Zenny Backer

Fred:
Here's to the old Ramp
ester. They may be good
but the smell will drive you
crazy. May you have the best
of luck and more ramps.

Fred: much respect
I would like to
hear you hear it.
I would like to
hear you hear it.
I would like to
hear you hear it.
I would like to
hear you hear it.

Lots of luck and
plenty of Chorettes
when you have
your "ramp days"

Loads of luck to a
real swell guy that
is a real gal. Leave the
girls alone and you'll be all right

Sam Hastings

Fred:

My feelings and
thoughts about you
should be obvious.
I shall state them any-
way. I have very
high respect for you
as I realize that you
are a very intelligent
person. You need to
apply a little more
ambition to your
goals. Congrats on
the Board of Governors -
you had better study.
Come down to Fairmont
and see me sometime.
Dixie Guill

Fred:

Hope you have a
prosperous future. You've
worked hard this year,
but "REALLY" you shouldn't
sleep so much in class.
Remember physics and
the adventurer wive pen
through.

Yours f Luck,
Danny J. Salmons
